

Scheduling a KYN Screening at the Worksite.

The process to schedule a Know Your Numbers (KYN) screening has just become easier than ever. WellPath and Orthus Health have teamed up to provide you a simple registration process for scheduling your appointment at one of the many worksite screening events.

The first step in scheduling your KYN screening is signing into [My Pathway to Health](#). Once logged in, your Action List should appear. If you have not read and signed the Attestation, this would be a great time to do it. The Attestation (formerly known as WellPath's Orientation Verification Form) is also a requirement to complete the KYN process for 100 WellPath points.

The second item in your Action List is, **Complete the Know Your Number Biometric Screening**. Select **Sign Up Now** and the KYN screening options will appear.

This year, there are 3 screening options available to employees; onsite (worksite) screening, physician screening, and through an offsite lab screening.

You can proceed to scheduling your worksite screening by selecting **Onsite Screening - Click to Select**.

A list of screening dates, times and locations will appear. You may scroll through the list and select a date and time that works for you, at the appropriate location. ****Note: SR Landfill and SR Elementary School screening locations are only available to those employed at that specific location.**

When you have selected your screening date, time and location, you may confirm your appointment by selecting Register.

You will receive an email confirmation when the process is complete. To cancel or reschedule your appointment, simply sign back into My Pathway to Health.
